Welcome to School and Vacation High School Select College

Quality programmes

We offer a wide range of high quality options for international students to study in the United Kingdom — from short term taster programmes to a full set of A Level exams, giving access to a British university.

Helping international students pursue their dream of a classic British education, we work with selected schools and colleges throughout the UK in both the state school sector and with privately funded institutions.

High School Select - College in the UK

Our college programme in the UK is all about high quality education and programmes tailored to suit the needs of our students. Working with selected colleges throughout the country, we are able to offer an outstanding range of great programme options.

We look forward to welcoming your students!

Great choices!

With a wide range of locations, from lovely rural settings to vibrant city life, we are able to cater for different styles of everyday life around the school day.

When selecting a school or college for our High School Select programme, we look for superb educational quality, a desirable location, a great atmosphere and an extensive range of courses to give our students a top-of-the-range college learning experience among the options Britain has to offer. We are happy to say that we work with a carefully chosen selection of the very best colleges in the United Kingdom.

All of our colleges offer a wide range of extracurricular activities and sports. Our dedicated team will be happy to help you find the right environment for any students with special interests or specific requirements.

Host family or halls of residence?

While some students prefer the homely environment of a host family and the full immersion experience, others are looking for complete independence. Depending on their choice of college and potential other requirements, students may have a choice of accommodation with either a welcoming local host family or a group of fellow students in halls of residence.

Taster programme or complete qualification?

Whether a student is looking to get a taste of British education for a few weeks, is intending to complete a qualification to gain access to university or is looking for something in between, we will be able to help. Our experienced team is on hand to help you select the best programme for each individual student.

A wide range of courses are available to suit all academic levels and ambitions, whether looking for an academic qualification or pursuing an interest during a gap year.

Academic
AS and A-Level exams
A wide range of classic subjects
Vocational
BTEC qualifications
Courses in a range of areas such as:
Art and Design
Business, IT and Services
Construction and Engineering
Hair, Beauty, Health and Social Care
Hospitality, Travel and Tourism
Media, Music and Performing Arts
Sport

From A Levels to IB, International Foundation programmes or vocational qualifications, we will help you put together an educational programme to meet each student's individual needs.

Creating the perfect programme for each individual student!

Choosing the right programme

Each student has individual needs and requests, and our experienced team is ready to assist you with making the right choice. Students can let us choose their school if applying to our High School Classic Programme, or they can apply for a specific college through our High School Select programme. For students over 18 we have several options available — however, in some cases, an additional tuition fee will apply. Please contact us for more information.

High School Select explained

Students on our High School Select College programme will attend a sixth form college. When choosing a college for our High School Select programme, we look for superb educational quality, a desirable location and a great atmosphere to give our students the best possible educational and cultural experience that the UK has to offer. We are happy to say that we work with a carefully chosen selection of the very best colleges in the UK.

Our High School Select programme includes a great range of colleges in exciting locations, ranging from the vibrant city of Bristol to beautiful Torbay, offering a choice of subjects, different facilities and a range of activities.

The High School Select programme allows students to choose which college they would like to be placed in. Students should select a college from the InterStudies High School Select brochure, and will be placed (according to availability) in the college of their choice.

In the event of the selected college being full, an alternative will be offered.

Included in the programme

- ✓ College placement
- ✓ Accommodation with host family or in student halls
- ✓ Optional accommodation during school holidays
- ✓ Support from college international team
- ✓ Access to InterStudies support team
- ✓ 24 hour emergency support
- ✓ Progress reports
- ✓ Local activities (an extra fee may apply)
- ✓ Local enrichment opportunities
- ✓ Local orientation from college team
- ✓ Optional tour programme (cost of tours not included)
- ✓ Access to the InterStudies app

Not included in the programme

- ✓ Any school materials (e.g. text books)
- ✓ College-organised activities that require an extra fee
- ✓ Lunch (if purchased at school)
- ✓ Transport to-and-from college
- ✓ Any damage deposits
- ✓ Visa fees
- ✓ Travel and liability insurance
- ✓ Any specific dietary requirements
- ✓ Welcome Camp (though colleges may run their own)
- ✓ Transfer to-and-from the airport (which can be invoiced at cost if booked at application stage)
- ✓ Anything extra not listed above as included in the programme

The British school system

School in the UK

The English school system

In England, students attend primary education from the age of 5-11 and secondary education from the age of 11-16. Students can then choose to attend further education (usually at a sixth form college), and then go on to tertiary education from the age of 18+.

At secondary school in England, students will usually study around 10 subjects, including compulsory subjects such as English, Maths and Science, as well as optional subjects such as Religious Education, Art or Music. At the end of secondary school, students sit their GCSE exams.

At sixth form college (further education), students will usually study 3-4 subjects of their choice. Subject choices are not always guaranteed, and will depend on the availability of each subject at a particular college, as well as each student's academic level and achievements. At college, students have an intensive curriculum, and their timetable can appear smaller, with various free periods. However, students are expected to spend their free time studying and completing assignments.

Sixth form college lasts for two years, and at the end of the first year, students will sit their AS Level exams. At the end of the second year, students will sit their A Level exams.

Primary school
Age 5-11
Secondary school
Age 11-16
GCSE exams in England
Sixth form
Age 16-18
AS and A Level exams in England

A day at college

At sixth form college, the day usually starts around 09:00 and finishes around 16:00, though this may vary slightly from college to college.

Each class lasts around an hour, with numerous "free periods" throughout the week.

College students generally have some freedom to come and go between lessons, although in some cases are required to stay on campus.

Uniform

It is not normally required to wear a school uniform in a college, but most colleges have a dress code and expect students to dress fairly formally as you would in a workplace.

Academic or vocational?

Studying at college rather than a traditional school means high class education with a wider choice.

While the classic academic options (A Levels) are widely available, students also have the option of going vocational (BTEC qualifications) with a wide range of courses available.

Vocational programmes offer the perfect opportunity to pursue an interest or create a pathway to a career, while others may find a great gap year option. Our programme offers a wide range of vocational course options from Performing Arts to Hairdressing to Cookery to Music and Television - the possibilities are endless! For further information about our vocational course range, please get in touch.

Our experienced team will work alongside you and the college staff to help each student make the most of their time in the UK.

Student support

Our students have access to 24/7 support from our team as well as daily support at the college from the international team. Our support team makes regular contact with each student to help ensure that their programme goes smoothly and that they have an amazing experience.

Adding value

Depending on the course and the college, there are likely to be optional excursions locally.

Our popular tours such as the annual Scotland Tour, organised by the InterStudies Head Office, mean that students have the option of going further afield with a group of fellow international students and the opportunity to make new friends while exploring!

Sports, clubs and outings

In addition to the classes offered, every college on our High School Select programme offers a varied enrichment programme with a wide range of extracurricular activities from sports to clubs and students' associations.

The enrichment options provide a wonderful way to make friends.

Enrichment programmes vary from college to college, but a range of sports and clubs are usually on offer along with great facilities and communal areas for socialising. Extracurricular options may include various clubs, societies and charity events as well as excursions or local outings.

Most of the colleges we have selected offer outstanding gyms and sports facilities with a great range of equipment helping each student reach their fitness and sports goals.

Some colleges offer sports academies, where students are able to pursue sports at a high level or take sport-related courses as an education.

Common school sports

Football (soccer)
Rugby
Cricket
Basketball
Netball
Volleyball
Athletics
Swimming
Hockey

The above is not listed in any particular order, and which exact sports available varies from school to school

High School Select in the UK

In the following pages, you will find presentations of each of the individual colleges we have chosen for our High School Select programme.

Let us help you make the right choice

State colleges

1. Bexhill College
2. Chichester College
3. East Sussex College Eastbourne
4. East Sussex College Hastings
5. Itchen College
6. Weymouth
7. Worthing College
8. Portsmouth College

A guide to applications

Application criteria

1. Bexhill College

Bexhill is a dedicated sixth form college with a long history of providing excellent education for students aged 16+.

The college is in the top 20% of colleges in the UK with a high pass rate and is highly rated as an excellent college!

Bexhill College offers a wide range of courses on a modern and well-equipped campus.

Enrichment

Clubs include photography, philosophy and robotics, among many more.

Other activities range from modern languages to sports such as netball, surfing or table tennis.

Extra qualifications on offer include the Duke of Edinburgh Award or sports leadership opportunities.

Type:
Mixed State College

Size:
1900 pupils

Come to Bexhill for high level academia and fantastic facilities for sports, media and the arts!

Location

Bexhill College is located in Bexhill, a friendly seaside town in south east England.

Bexhill is an ideal location close to both coast and countryside, as well as nearby towns and cities including Hastings and Brighton.

A direct trainline along the coast makes exploring nearby attractions easy!

Nearest airport
London Gatwick

Bexhill College

“

"My year was amazing, a lot of new experiences and life-changing moments!"

Azzura from Italy

"I had a great year at Bexhill College and am thankful for the experience!"

Clara from Germany

Academic Options

Acting	English Lang & Lit	Maths
Art: Art & Design	English Language	Maths - Core Maths
Art: Fine Art	English Literature	Maths - Further Maths
Art: Textiles	Film Studies	Media Studies
Biology	French	Music
Business Studies	Geography	Music Performance

Classical Civilisation	German	Performing arts
Computer Science	Graphic Communication	Photography
Dance	History - Ancient	Physics
Drama & Theatre Studies	History- Medieval	Psychology
Economics	History- Modern	Spanish
Electronics	Law	

Subjects can vary according to demand and no subject choice is guaranteed until an offer is received from the college. Please note that some subjects may only be available on a two-year course.

Accommodation

You will stay either with a host family in the local area, where you will have your own room, or in halls of residence.

Some host families live in Bexhill itself, within walking distance of the college, while others live in nearby towns. If you are placed in a nearby town you'll be able to get to college using public transport.

Bexhill is popular among international students, and your host family may also host a student from another country.

Halls of residence will offer a lively student atmosphere in single or shared rooms.

2. Chichester College

A world-class college in a historic city location, Chichester College offers a wide range of courses, and students achieve high-level results, with many progressing to top universities.

Students accepted at Chichester for part-year programmes will normally study English alongside one or two other subjects.

Enrichment

This is a great college for sports! Students can play for fun or join a team - activities include football, rugby, tennis, volleyball, rock climbing and street dancing.

Weekly activities and one-off trips are on offer - for example, to Alton Towers, Thorpe Park, go-karting, paintballing and ice skating.

Type:
Mixed State College

Size:
4300 pupils

Come to Chichester to experience a friendly college with great student support!

Location

Chichester is located slightly inland from the south coast, not far from Portsmouth.

Chichester is a cathedral city with a population of 25,000. Located at the foot of the South Downs National Park, students have ample opportunities to explore attractive nature as well as the south coast and nearby cities.

Nearest airport
London Gatwick

Subjects can vary according to demand and no subject choice is guaranteed until an offer is received from the college. Please note that some subjects may only be available on a two-year course.

Accommodation

Students who are aged under 18 stay at Woodlands Halls on the college campus. The halls have accommodation for 90 students, in single or twin rooms, and are supervised 24 hours a day. Accommodation in halls is full board. The halls have great social facilities and students also have access to the college gym.

Host family accommodation is also available in the local area.

3. East Sussex College — Eastbourne

East Sussex College is home to three campuses, the largest of which is in Eastbourne! Home to several specialist buildings — including workshops and studios — this college is excellently located and highly rated.

With a wide range of courses available, the college also offers a number of enrichment opportunities, a student union and the opportunity to meet both local and fellow international students.

Enrichment

East Sussex College Eastbourne offers a wide variety of activities and clubs, including events exclusively available for international students!

Clubs and activities include language cafes, quizzes and local trips, while there are plenty of sports clubs and an on-site gym which students can also access.

Type:
Mixed State College

Subjects can vary according to demand and no subject choice is guaranteed until an offer is received from the college. Please note that some subjects may only be available on a two-year course.

Accommodation

You will stay with a host family in the local area.

Some host families live in Eastbourne itself, within walking distance of the college, while others live in nearby towns. If you are placed in a nearby town you'll be able to get to college using public transport.

Eastbourne is popular among international students, and your host family may also host a student from another country.

4. East Sussex College — Hastings

A very popular college with fantastic campuses on the south coast of England, East Sussex College Hastings offers a wide range of world-class learning facilities.

This popular college has been welcoming students from across the world for over 30 years, and provides high quality teaching in a caring and relaxed environment.

At this college, students benefit from a wide-range of one-year course options.

Enrichment

The college's "Get Active" programme offers a wide variety of sports and enrichment activities.

Clubs include the debating society and a stocks and shares club.

The college offers trips, including to West End shows, and department trips - e.g. to the Houses of Parliament—depending on choice of courses.

Type:
Mixed State College

Size:
2500 pupils

*Come to East Sussex
College Hastings for a
friendly welcome and
a great place to study!*

Location

ESC Hastings is based on the south coast of England in Hastings — famous for being the location of the Battle of Hastings in 1066.

Today, Hastings is a fishing port and popular tourist destination with an attractive climate.

Accommodation

You will stay with a host family in the local area, who will welcome you into their home and help you integrate into the local area.

Many host families live within walking distance of the college, but some students who are placed further away may need to use public transport or cycle to college.

ESC Hastings is popular among international students, and your host family may also host a student from another country.

5. Itchen College

Itchen College is a vibrant and modern college located in Southampton, down on the south coast of England. Approximately 10% of the college is made up of international students, and a wide range of nationalities are represented.

Students can come to Itchen to experience a close-knit and friendly college, with a great range of subjects and enrichment activities.

Enrichment

Sports activities include football, basketball, volleyball, badminton, golf, netball, climbing walls, a fully equipped gym and an aerobics/dance studio.

The college has its own theatre and performance studio, and offers a wide range of activities based around performing arts and music.

Type:
Mixed State College

Size:
1,200 pupils

Come to Itchen for a friendly international atmosphere in a great location!

Location

Itchen College is located in Southampton, an attractive city on the south coast, located close to the Isle of Wight and two national parks. Southampton is an important harbour for cruise ships, with many of the world's largest cruise ships regularly visiting the city.

Nearest airport
London Heathrow

Itchen College

Itchen College is popular among international students, and your host family may also host a student from another country.

6. Weymouth College

Situated a few hundred metres from the beautiful Jurassic Coast, students at Weymouth College often enjoy lunch on the beach or go swimming after class.

The college is high performing, yet inclusive and accessible in their approach. They challenge and inspire students with academic and skills-based courses and produce some remarkable results.

Enrichment

There are a range of competitive team sports and sports academies available at Weymouth College, as well as a sports centre and a gym.

Sailing and other adventure sports are offered at a nearby adventure centre. (The town was the venue for sailing events at the 2012 Olympics!)

Other activities include the Prince's Trust and Young Enterprise scheme.

Type:
Mixed State College

Size:
1500 pupils

Come to Weymouth to experience academic excellence right by the beach!

Location

Weymouth College is based in Weymouth, an attractive seaside town on the Jurassic Coast — a UNESCO World Heritage site stretching 96 miles along the south coast.

Most of the colleges will have additional courses available in their vocational range. Subject and course lists are for guidance only. Subjects available may vary according to demand and no subject choice is guaranteed until an offer is received from the college. Please note that some subjects may only be available on a two-year course.

Applying to the High School Select programme — a guide

Stage one: Application to InterStudies

When we receive a new application, we will take our time to review the application form. In order for us to process and send the application to a college, we will require complete information including the following:

- Passport
- Medical certificates (including any allergies)
- Insurance information
- COVID passport (if student is vaccinated)
- Most recent school transcripts (original copies)
- Subject preferences (though please note these are not guaranteed)
- Proof of English test (for year students)

Once we have all the correct documentation, we then proceed with the student's application to their named college. After we send the application to the college, you might hear from us with regard to an additional test, as some colleges will immediately require an English or Maths test to be done to assess a student's level in these subjects.

Stage two: Acceptance

Once we have secured a space at the college, we will come back with an offer (including specific subjects) for the student. This is based on the student's summary and how the college feels that the student would best fit in with their own students. Please note that while the students are asked to name their preferred subjects, these cannot always be guaranteed.

This offer is conditional and may be subject to an additional English or Maths test to assess the student's level in these subjects. For more creative subjects such as Art or Photography, the college may also require the student to provide a portfolio of their work.

Stage three: Non-conditional offer

If a student is successful in stage two, we will send a non-conditional offer letter (also known as an acceptance form). Please note that this offer will have an expiry date and the college reserves the right to withdraw should they not receive this back within the stated timeframe. In some instances, additional paperwork will be required, such as host family terms and conditions or a parental permission form. We will be in touch if this is the case.

In the case of year students, this is the stage where a CAS number will be issued. We will send this to you in addition to the acceptance form. This is a key bit of information which your student will need to apply for their visa.

Stage four: placement complete

The student is now fully placed. At this stage, we will send you the full placement letter, including accommodation details. The student is now set to go! Please note that for year students, this is the point when students have all details required to apply for their visa.

Il tuo sogno inizia adesso.
Time is now!

Let's meet up!
